COOROY QLD 4563

Dear Manager

I was pleased to learn that you have received the Economic Award in the Sunshine Coast Regional Council 2009 Australia Day Awards. Ritek's commitment to efficient and sustainable building products and systems has been particularly recognised through this award.

Innovative building practices, materials and design will become increasingly important as we approach an uncertain environmental future, and it is appropriate that advances in these areas are recognised on our national day. It is a great honour that Ritek's achievements have been recognised in this way and I hope that the award will help to inspire you to continue to find sustainable solutions.

Congratulations on your award and best wishes for continued success in the future.

Yours sincerely

WARREN TRUSS
